

Staff Advisory Council

October 22, 2009

The 2009 UA Cares Campaign is well underway. The season for giving is upon us, and the generosity of University of Arizona employees is preceded only by dedication. We hope that you will participate in this year's campaign and maintain the tradition of giving that we are so well known for. Many of you may still be searching for a deserving recipient of your contribution. Others may have already made the commitment and joined the many that will make a difference in the lives of those in need. Your decision is important, and your decision is always the right one.

If you have an agency that you regularly contribute to...please continue to do so. Now, more than ever, community agencies need your help. However, please consider making an additional contribution this year to yourself, and your co-workers. By making a small contribution to the University of Arizona Staff Advisory Council, you can help fund activities and scholarships specifically geared toward Classified Staff.

Our Emily Krauz Staff Endowment Scholarship Fund provides scholarships to Classified Staff to attend the University of Arizona, Pima Community College or participate in professional development activities. Awards may be applied towards educational and professional development expenses such as registrations costs, books and supplies. This scholarship, in addition to our Qualified Tuition Reduction benefit, makes career development and continuing education a reality for those who may not have the resources to pursue such goals. Our many activities include craft fairs, sporting events and professional development conferences designed to build morale and provide networking opportunities for Classified Staff. The Council also participates in a variety of community projects throughout the year such as Cats in the Community Day and Stuff the Bus. We are constantly looking to develop additional activities on campus and in the community. Please feel free to contact me at 621-1645, or visit our website at <http://fp.arizona.edu/sac> for more information on SAC.

Your additional contribution, no matter how small, can make a difference to you, your co-workers, the University and the community. Please consider designating the Staff Advisory Council as the recipient of a portion, or all, of your generous gift this year. With your help, we can continue to provide and grow the necessary resources and support for Classified Staff at the University of Arizona.

Thank you.

Eddie Gomez
President
